

Author note addendum

Author Contributions:

CB and JO conceived of the initial simulation idea. JO and DV wrote and ran initial simulations. TM debugged, streamlined and rewrote the simulations. CB ran the simulations. CB, JO, DV and TM discussed the design, results and interpretation of the simulations throughout. TM and CB wrote the initial draft of the final manuscript. All authors read and agreed on the final version of the manuscript.

Conflict of interest/Funding:

All authors declare no conflict of interest. CB, JO and DV were funded by the John Templeton Foundation throughout the majority of the project design. CB was funded by The Leverhulme Trust for the final phase of the project. TM was funded by Arizona State University throughout his involvement with the project.
